

# TABLE OF CONTENTS

---

|  |          |
|--|----------|
| <b>EXECUTIVE SUMMARY .....</b>   | <b>1</b> |
| 1 Why do more vehicles cross the freeway median on I-5 in Marysville than elsewhere in the state?..... | 2        |
| 2 How does WSDOT plan to address cross median collisions in Marysville? .....                          | 4        |
| 3 Does WSDOT plan to continue to use cable barrier?.....   | 5        |
| <b>CHAPTER 1 I-5 MARYSVILLE CABLE BARRIER EVALUATION .....</b>   | <b>1</b> |
| 1 About I-5 through Marysville .....   | 2        |
| 2 Are there more collisions on I-5 in Marysville than other interstate highways? .....                 | 3        |
| 3 Are there more through- barrier crashes on I-5 in Marysville than elsewhere? .....                   | 10       |
| 4 Why are more through- barrier crashes occurring on I-5 in Marysville? .....                          | 11       |
| 5 What other factors did we examine? .....   | 13       |
| 6 What are we going to do to address cross median collisions on I-5 in Marysville? .....               | 14       |
| <b>CHAPTER 2 MEDIAN BARRIER EFFECTIVENESS.....</b>   | <b>1</b> |
| 1 Are median barriers effective? .....   | 1        |
| 2 How do different types of median barrier perform on Washington State highways? .....                 | 2        |
| 3 What have crash tests revealed about median barrier effectiveness? .....                             | 6        |
| 4 What have crash tests revealed about beam guardrail and cable median barrier on slopes? .....        | 10       |
| 5 What crash test criteria were used and why were they selected? .....                                 | 12       |

## LIST OF EXHIBITS

|   |    |
|---|----|
| Exhibit 0-1 Car Lifting Cable Barrier.....                                | 2  |
| Exhibit 0-2 I-5 Marysville Cross Median Crashes.....                      | 3  |
| Figure 1-1 I-5 Marysville .....   | 2  |
| Figure 1-2 Freeway Collision Rates .....                                  | 4  |
| Exhibit 1-3 I-5 Average Daily Traffic Count .....                         | 5  |
| Exhibit 1-4 I-5 Marysville Traffic Speeds .....                           | 6  |
| Exhibit 1-5 Southbound Traffic Speed Trend, I-5 Marysville, 2005 .....    | 7  |
| Exhibit 1-6 Northbound Traffic Speed Trend, I-5 Marysville, 2005.....     | 7  |
| Exhibit 1-7 Collisions and Cable Barrier Collisions, I-5 Marysville.....  | 8  |
| Exhibit 1-8 Cross Median Collisions, I-5 Marysville.....                  | 9  |
| Figure 1-9 I-5 Marysville Cross Median Crashes, 1999 through 2005 .....   | 10 |
| Exhibit 1-10 Car Lifting Cable Barrier .....                              | 11 |
| Exhibit 1-11 Crossover Collision Factors .....                            | 11 |
| Figure 1-12 Cable Barrier Deflecting During Impact.....                   | 12 |
| Exhibit 2-1 Barrier Performance: Injury Severity .....                    | 3  |
| Exhibit 2-2 Single and Multi-Vehicle Collisions.....                      | 3  |
| Exhibit 2-3 Average Number of Injuries and Fatalities Per Collision ..... | 4  |
| Exhibit 2-4 Barrier Performance, Motorcycles .....                        | 5  |

|   |                                     |
